Dear Jack,

Thank you so much for your donation of €35.00 to 350.org! [Click here to see if you can match your gift.](#)

We are at a tipping point for our climate. You and I already know that world leaders won't act fast enough when it comes to tackling the climate crisis, which means it is up to us to demand change. And the most important thing we can do right now is cutting off the financial flows to the fossil fuel industry before it is too late.

All over the world, ordinary people are coming together to stop coal, oil and gas projects, taking us ever closer to stopping the fossil fuel industry and building a brighter future for all. **And thanks to your support, we are able to launch unprecedented climate campaigns in every corner of the globe.**

We are honored that you are standing with us in this fight. Your support fuels our work far beyond its monetary value. By dedicating your resources to this fight, we are stronger than ever before and there is no doubt in my mind that we will win this fight.

Thank you,

May Boeve, Executive Director
