Dear Gillian,

Thank you so much for your donation of €35.00 to 350.org!

These are admittedly very challenging times, for everyone. The COVID-19 pandemic demands swift and unprecedented action from national governments and the international community as so many lose their jobs, livelihoods and loved ones. We believe that choices we make today will shape our society, economy, health, and climate, for decades to come. This is why 350.org is calling for a Just Recovery to:

- put people's health first;
- provide economic relief directly to the people;
- help our workers and communities, not corporate executives
- create resilience for future crises; and
- build solidarity and community across borders – do not empower authoritarians.

We continue to exert our utmost organisational capacity to fight the climate crisis and work with allies to build a renewable energy society based on justice and equity for all. Your support at this time is critical to our ability to wage and win these fights.

Your support fuels our work far beyond its monetary value. By dedicating your resources to this fight, we are all stronger and we will win.

Thank you,

May Boeve, Executive Director
